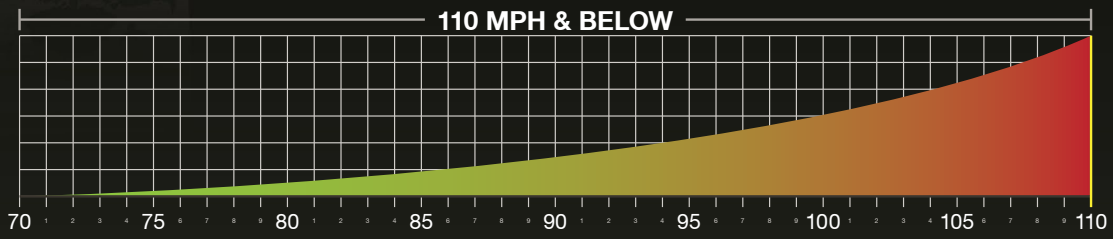
DIXON EARTH: *SIGNATURE* GOLF BALL

The Dixon Earth golf ball outperformed the Nike One Platinum, Callaway Tour ix and Titleist Pro V1, in independent testing by PGA TOUR Partners Club, and received an incredible 92% Approval Rating. That's why it's the ball of choice for actor, producer and philanthropist Don Cheadle.

- High Performance
- 392 Tour proven dimple pattern for maximum control and distance
- Thin Eco-cover™ provides exceptional feel and increased durability
- Improved high-velocity green core™ for added distance
- 92% approval rating from PGA Tour Partners

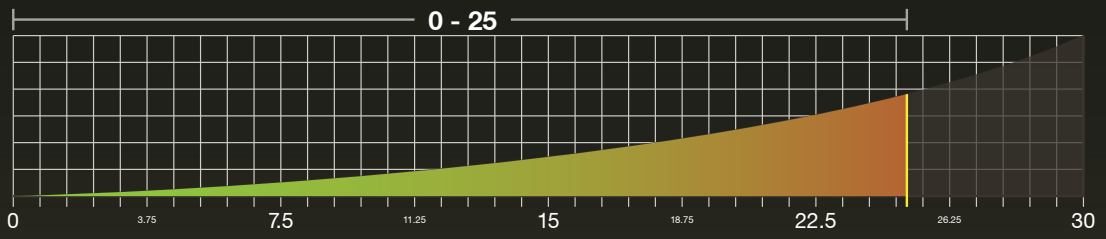
SWING SPEED (MPH)

The Dixon Earth golf ball is best used by a golfer with a swing speed less than 110 MPH. While the Dixon Earth golf ball will deliver exceptional distance, it will also provide you with great feel.



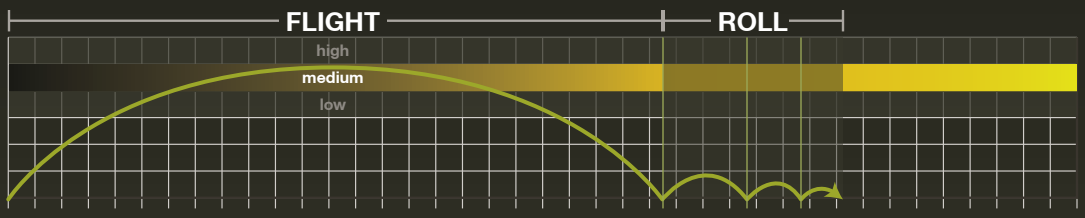
HANDICAP

The Dixon Earth golf ball is best used by golfers with handicaps between 5-25. The Dixon Earth golf balls deliver length off the tee and feel around the green.



TRAJECTORY

The Dixon Earth golf ball has medium level trajectory and is suitable for most golfers.



FEEL (COMPRESSION)

The Dixon Earth golf ball will give you a medium/soft feel for excellent playability.

8 IRON SPIN

The Dixon Earth golf ball will allow the mid to low handicap golfers more workability around the greens.
